Planning your journey

The Research Centre on Sea Technologies and Marine Robotics is located in Leghorn (Livorno), at “Scoglio della Regina”.

Leghorn is a port city on the Tyrrhenian Sea on the western edge of Tuscany, Italy. It is the third-largest port on the western coast of Italy, having a population of approximately 170,000 residents.

Leghorn is about 15 min from Pisa, 1h30 from Florence, 4h from Milan and 3h30 from Rome.

Arriving by train

Leghorn (Livorno) railway station is located on the railway connecting Pisa and Roma. From Pisa the trip takes about 15 min; from Florence there are trains that go directly to Livorno; they take about 1h 25 min. Trains run frequently from Pisa and about each hour from Florence during all the day. See www.trenitalia.com for a complete timetable.

Between the Leghorn railway station and the “Research Centre on Sea Technologies and Marine Robotics” there are about 5 km. In front of the station there is the possibility to take a taxi or the bus **number 1** that stops in front of the “Scoglio della Regina”. In figure 2 there are some pictures to recognize the “Scoglio della Regina”.
